DEALER BULLETIN

Date; 10th MAY 2010
BULLETIN No; BMW0910
SUBJECT; FLEXIFRAMES
EFFECTIVE; IMMEDIATE

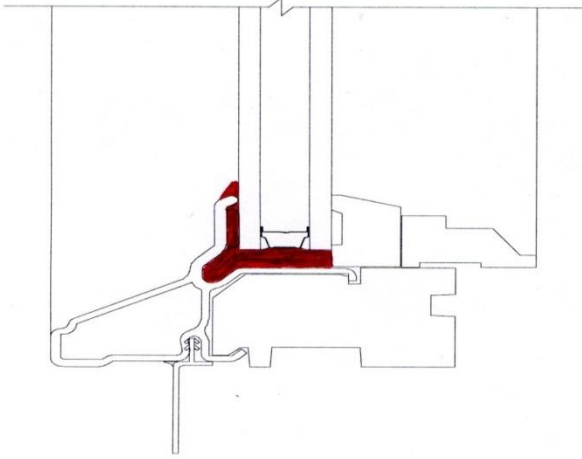

BULLETIN DETAILS

Please find below a repeat of Bulletin BMW-0509 that was issued during March 2009, as a reminder of the additional cost to be applied, when pricing each Flexiframe unit.

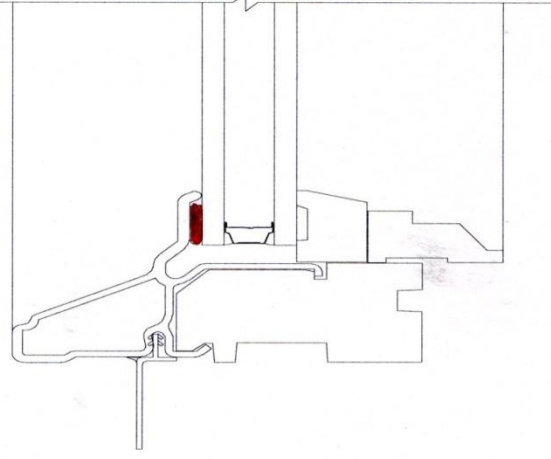

With immediate effect ALL new orders for Flexiframe units will be ordered with 'Back Fill Silicone' to resolve any issues of water penetration in exposed areas and to help overcome any installation issues on larger sized units, where handling could cause a break in the seal.

To cover the additional costs, an adjustment of £30.00 will be added to each Flexiframe ordered.

There old style of silicone fill will no longer be an option.

With 'Back Fill Silicone'

Old style Silicone Fill
