BULLETIN DETAILS

Andersen 'A' Series Products are now available to order through the IQ 10.1 ordering tool.

The Range of products available is:

- Casement & Awning Windows
- Double Hung Windows
- Picture windows
- Transom Stationary & Venting windows
- Gliding Patio Doors
- Hinged Inward and Outward Opening Doors
- Sidelights and Transom units
- Quarter, Circle Top & Elliptical Windows

Features for this range include:

- 11 Exterior Colours Options
- 12 Interior Finish Options
- Standard and made to measure sizes
- Interior Trim alignment between products
- Superior performance rating up to DP50
- Improved two-point locking system on Gliding Patio doors

A new Product Guide (Pt 9023951) will be posted to all Dealers, giving more detailed information on the full range, including Product Performance Data achieved in the USA.

All the 'A' Series Products, (including the 'A' Series made to measure Casements and Awning windows) can be priced using the standard Master Project Pricing Template.

All products within the range will have an extended delivery.

Note: 400 Series made to measure Casements and Awning should continue to be priced on the separately on the MTM Pricing Template.
